# Lemon / Lime / Bergamot

FRUIT TEA BLEND, FLAVORED

## DESCRIPTION

Have you heard of the poem by Johann Wolfgang von Goethe? “Know’st thou the land where lemon trees bloom”? The poem is a homage to Italy and our tea creation is like a poem with two high-quality, cold-pressed Italian oils: lemon and bergamot. We do, however, broaden the horizon a bit geographically and take a trip into the country where the lime trees are blossoming, in this case Brazil where this essential oil originates. From there, we travel on to a third continent: to India, where we have secured some drops of first-class lemongrass oil. These are combined with the remaining ingredients made of organic cultivation for a unique and special citrusy-fresh taste experience.

**Ingredients:** apple pieces\*, hibiscus blossoms\*, lemongrass\*, orange peel\*, lemon peel\*, freeze-dried pineapple flakes\*, lime oil\*, lemon oil\*, bergamot oil\*. \*from organic cultivation
